Ace is an energetic pony who loves to do his job; very sturdy and versatile! He has many years of experience in Pony Club competing in games, eventing, and show jumping. He has shown 2'6" and schools 2'9". He has also been fox hunting, trail riding, and pickets well for horse camping. Good barn habits, no quirks, gets along with other horses well. Very healthy, no pre-existing unsoundnesses, kept barefoot. Trailers well. selling him because my daughter has out grown him. Ace is not a beginner's pony. He would match best to a youth with confidence and some riding experience. He is not a push pony and does not require leg to keep him moving forward. Price negotiable to the right home.
